Memorandum

I beg to submit the following report on the letter from the Superintendent of Astagram D° 413/96 of the 15th Ultimo.-

It having been observed in the Sayer account for June last that a duty of Annas 8 only was levied on Sooparee in the Town of Mysore, instead of Annas 12 per Maund for all Sooparee imported from Her Majesty's Territories as prescribed in Circular D° 2978/25 dated 12th November 1864, the Superintendent was called on for explanation on the point.-

In reply it is stated in the letter under reference that the reduced rate (8 Annas) was levied in accordance with the provisions made in the Municipal Budget of receipts for that Town, and which received the Sanction of the Chief Commr.

There is nothing to show why this reduction was made. When the Town dues were transferred to the Municipality, Sooparee was also included, and when the rates were revised in 1864 the duty on import and export of Sooparee was regulated as shown in the margin, and the duty appears to have been levied at these rates upto 31st March '71 and according to the Municipal Budget the duty was classified into two classes viz. of 1 Rupee, and 8 Annas respectively, and levied thus reducing the rates by 4 Annas per Maund in each sort.

I understand the Eastern interest in
the matter is about to turn Corallo
as Sindic or Sospari — there having been
no power under which Sovr. in the Ottoni change can be
summoned.

It seems to me, so far as I understand
this matter, that the only way in which
this question may be tried by
the Supreme or any other Municipality
of a lower rate of duty on Sospari
than is taken by Govt. under the Law
of Exports on the articles transported to
Noonies - can affect the general Revenue
- ues is that Sospari Merchants may
be tempted thereby to bring their Goods
- down to the below Noonies duty
duty obtain, in order to escape the
Native Grande Jurisdiction of the higher
rate established, and that point will
be supported by - How the Govt. made
over to the Supreme Municipality the right to
levy for its own use Native duties
as Octroi

Memo

With reference to the Chief Commissioner's order, I respectfully beg to report that the realizations from the excise are carried to the general Revenue excepting in the case of Municipal towns in the Ashtagram division where such sums have been authorized to be applied to Municipal purposes (vide letter No. 133 of 19th June 1862). In other divisions, the taxable articles brought for the consumption within Municipal limits, are charged with octroi in addition to the excise, the former being utilized for Municipality, and the latter credited to Government.

The Proclamation of 18th April 1864, provides for the levy of such rates on taxable articles as may be determined on by the several Municipal Committees in Communication with the Superintendents of Divisions, for Municipal purposes only.

The Mysore Municipality appears

=pears not to have levied any Octroi, but on the other hand to have reduced the uniform rate of Excise on Soopari, thereby affecting the general practice in pursuance to the Proclamation of 1864 which gives the importers of Her Majesty's Territories an advantage over those of other parts of Mysore to the same Market- thus, the former have to pay only Rupee One, for the 1st. Cwt. Soopari, and Annas 8 for the 2d, while the latter besides the payment of Excise at the place of Export at Rupees 1/4 for the 1st, and Annas 12 for the 2d, have to pay in addition in the Town of Mysore at Rupee One and at Annas 8 as the Case may be.

No Authority appears to have been given to the Mysore Municipality to levy as Octroi, the duty on Soopari previously levied by Government as Excise.

It appears from the annexed
that no "Epsom" body is known
in Surgoor among the Natives
but that in lieu of it an adja-
cent body of Salt water is supposed
for municipal purposes, which
I presume is equally known as
Surgoor-proper. Surgoor states that he
found the Epsom - I cannot find
that the Govt. claim & the ordinary
Epsom body &. Surgoor does not
Govt. Surgoor has ever been trans-
ferred to the Surgoor Municipality
& if I have right in the Govt.
the action based on the article
should be in addition to such
Epsom, & should in no way affect
that the Govt of the Nation, as the
adjoining Owner, on the East of

chased without delay

Please see Superintendent's D.O. No 1122 dated 22nd April 72 & the Chief Secretary's order thereon.

The Supt. should be informed in reply that no duty has been prescribed the Ordinary Duties ought to have been levied on the Coolparee imported from H.M. Territories into the limits of Bangalore & that the Octroi Collectors under should take in addition thereto the Excise that this may be done.

With regard to the portion of the Chief Commr's order directing that the Coolparee should be exempted from all duties on foreign [illegible] or Canara [illegible] Coolparee [illegible] the Superintendent [illegible]

Excepting Municipal octroi duty when it is brought into the town of Mysore for consumption.

2. Regarding the Sooparee grown in the Mysore Talook, I would suggest that both Sayer and Municipal (octroi) duties are levied thereon when brought for consumption into the town of Mysore.
